Subject: Finger print confirmation for New World
Attachments: DOC041510.pdf

Good Morning Ms. Leder,

Attached is the confirmation I received for the Finger print Application. As of 11:38 A.M. today, per phone call to Maria, at the Dept. of Public safety the application has not been processed and cannot be confirmed to have been received as of yet. We had asked about the different delivery options between the two offices and were given the option of "hand delivering" the application, but were then denied any alternate form of delivery due to the "chain of custody" that must be followed by the offices. We have called several times yesterday and today to try and receive confirmation and although they can confirm have received the shipment of applications from the office I had my fingerprints taken, they cannot confirm receipt of these until they are entered into the system due to the number of applications received each day, which is between 300 to 600. If you should have any further questions or need any further information please contact us at the information below. Thank you.

Sincerely,
Josué Martinez
